## Experiential Learning Activities Outside the Classroom

School Name: HHCKLA Buddhist Wai Kwong Kindergarten

School Year 2024-25

Grade : K1

### Activity Name

"Green Little Farmer" Experience Activity

### Activity Objectives

- Learn the principles of organic farming
- Develop appreciation for the hard work of farmers
- Enjoy hands-on activities like making bread and soy milk, while cultivating a habit of cherishing food

### Activity Description

Our kindergarten arranged for students to go to the "Green Farm" to experience the "Fragrant Healthy Diet" activity. By visiting the farm, they learned about the sources of organic ingredients and made organic bread and soy milk. At the same time, they could get closer to nature, learn to cherish and protect natural resources, and thank the farmers who provide us with food.
