Activity Name

Chinese Music Performance

Activity Objectives

- To recognize the different types of Chinese instruments (Guqin, Yangqin, Big Drum, Small Drum).
- To learn the basic methods of using Chinese instruments (plucking strings, striking).
- To cultivate children's appreciation for Chinese music.

Activity Description

During the birthday party in December, we organized a Chinese music event themed around Chinese culture, inviting guests to perform exciting Chinese music programs at the school. During the event, children had the opportunity to enjoy classic pieces performed on the Guqin, including "Big Fish" and "Yi Ethnic Dance," allowing them to not only appreciate the beautiful melodies but also feel the unique charm of Chinese music.

After the performance, the event moved into an experiential segment, allowing children to personally interact with various Chinese instruments. Under the guidance of professional instructors, children learned how to

operate the instruments, experiencing the joy of music firsthand and gaining deeper insight into the rich connotations of Chinese culture. We hope that through this activity, children can develop a deeper understanding and appreciation of Chinese culture, enhancing their interest through wonderful music.
